REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The claim is allowable because the prior art fails to teach a pivot assembly connected to a pivot frame for pivotal movement relative to the pivot frame and a blade assembly connected to pivot assembly for pivotal movement relative to the pivot assembly as set forth in claims 1, 20, 24 and 29.

Terry et al. teaches a pivot frame 14, a pivot assembly 16, a blade assembly 12, second biasing means/cantilever spring 62, a guard bar 32 and three blades (see col. 3, lines 30-34). Also, Bond teaches a first biasing means 18. However, neither along nor in combination, Terry and Bond fail to teach the bi-directional razor tool as set forth in claims 1, 20, 24 and 29.

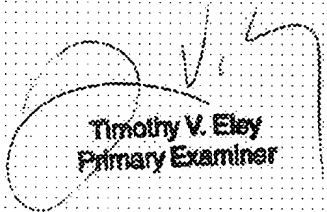

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
